

Subdivision Items

Home Maintenance: The Indenture was created to establish standards for our subdivision. Compliance with the indenture assures that we maintain our property values and our subdivision is a desirable place to live. We appreciate resident's cooperation and compliance with all Indenture matters.

In the newsletter for February 2018 we addressed the specific elements of Mold on Siding and Damaged Garage doors. We want to Thank the homeowners that have taken steps to clean the siding on their homes. There has been a substantial improvement in the condition of homes thru out the subdivision. A few homes still have moldy siding and some damaged garage doors are still in need of repair

Garage Doors and Mold on the Siding. We will continue addressing both these items with individual homeowners using both the indentures and Chesterfield's home maintenance ordinance to encourage repair or replacement of the garage doors and to clean the siding either by contracting to have their homes power washed or cleaning the siding themselves.

We are communicating at this point so that if you still have issues they can be addressed this year.

SUBDIVISION GARAGE SALE:

We had our first Annual **SUBDIVISION GARAGE SALE on May 19th**. While we had a small number of participants we learned a lot on how to encourage participation and how to advertise the event with limited resources. Other subdivisions have done this in the past; it creates a critical mass and allows for increased traffic but is for just one day. If you are interested in having another sale next year please let us know as we would be looking for volunteers to help in the planning and activities for another event.

Home Improvement. If contemplating outside changes to your property, be sure to submit a Home Property Improvement Application www.mf-ce.com

Subdivision Concerns

While the Trustees make a review of the conditions within the subdivision, we cannot see all elements in the subdivision. Please let us know about any safety or indenture infractions. There is an Issues Report on the website you can use or an email will suffice.

Annual Meeting: The Annual meeting will be held, 7:30 PM Thursday October 25, 2018 at Chesterfield City Hall. The agenda will include voting for one Trustee position, a budget presentation and open question time. The Assessment for 2019 is \$120/year just a \$5 increase from the years of 2012-2017 which were 2015.

Trustees:

At the current time we have 4 Trustees for our 5 positions, if you are interested in serving contact the trustees via email: [Kristin Abraham](mailto:Kristin.Abraham@mf-ce.com) (Kempwood). Kristin was elected to a three year term to fill the open position that expires Oct. 2020. [Scott Eiler](mailto:Scott.Eiler@mf-ce.com) (Meadowbrook Way) Scott was elected to a three year term that expires Oct. 2020. [Scott Carter](mailto:Scott.Carter@mf-ce.com) (Thistlebriar Ct.) term expiring Oct. 2019 [Kevin Pfarr](mailto:Kevin.Pfarr@mf-ce.com) (Silverwood Ln) term expiring Oct. 2019

Chesterfield Ordinances and Programs

- **Common Ground dumping**-Chesterfield prohibits dumping yard waste on any property including our common ground. Please report any dumping you observe to Chesterfield (636-537-4000). If it is on common ground the subdivision will have to file a complaint, but we need your eyewitness statements.
- **Trash Can Storage:** Chesterfield requires that all trash cans be stored in a manner that they are out of view from the streets either in the back of the house, behind a privacy screen on the side or inside the garage.
- **RV Parking** RV parking (including travel trailers, motor homes, boats, jet skis and trailers used to transport RVs) is restricted by Chesterfield ordinance, and indentures.
- **Solicitation in Chesterfield**-Solicitation is legal only if solicitors have a permit from City Hall. Always ask to see the permit. (1-page on city letterhead, with raised city seal). Report any non-permitted activities to the police at 636-537-3000. Also "No Solicitors, No Peddlers" stickers are available for free at City Hall.
- **Diseased or damaged trees** between the sidewalk and the curb (aka street tree), notify Chesterfield for a remedy, they will trim or remove if required.
- **Tree Planting:** If you have lost a street tree (between the curb and sidewalk) Chesterfield has a program for tree replacement. The homeowner will pay \$100 and the city will cover the rest and schedule a planting in the spring or fall. See the Chesterfield, MO web site <http://www.chesterfield.mo.us/> for the Residential Street Tree Program.

Common Ground

Common Ground: Common Ground is held in Trust for the subdivision and the Trustees have been granted responsibility for its care and maintenance. The subdivision holds in trust over 68 acres, including 19 cul-de-sacs, walking paths, large grass areas, small park areas, and wooded areas. In most cases the common ground is allowed to resort to “Native Habit” as this provides a buffer between homeowners property, other subdivisions, utility right of ways and streets. In some areas we maintain the landscaping, paths and benches, park areas, provide grass cutting, cut trees, mulch shrub beds, for the enjoyment of all. This is one of the largest expenses for the subdivision

Homeowners are not permitted to cut, prune, fertilize, apply herbicides, trim trees, shrubs, or other vegetation in the common ground. Planting of shrubs, trees, ground cover, discard of landscape waste, storage of personal items or otherwise altering the condition of the common ground is not permitted. Any variation to these guidelines will require the express written permission of the Trustees prior to any changes, and will be reviewed on a case by case basis.

As the common ground is constantly changing we have established some guidelines on how the subdivision deals with common occurrences.

Tree Trimming and Removal:

- 1 We do not remove live trees on common ground.
- 2 Trees that fall in wooded area of the common ground are left to decay naturally.
- 3 Trees that fall naturally are the responsibility of the owner of the property onto which the tree falls. That is, if a tree from the common ground falls onto an adjacent property, the owner of the adjacent property is responsible for removing the portion of the fallen tree located on their property. The owner is also solely responsible for any damage caused by the fallen tree to their property, such as damage to a fence or other structures.
- 4 Trees that die or fall on common ground within, grass areas will be cut to allow the grass area to be cut.
- 5 Homeowners should not plant any trees on common ground without Trustee permission as this may incur future maintenance obligations for the Subdivision.

Grass Cutting by subdivision:

- 1 We will only cut grass on property owned by the subdivision.
- 2 Grass area needs to reach out and touch a street with clear access to the area to be cut.
- 3 Common ground where the grass area provides a buffer between homeowners.
- 4 Grass areas should be open and accessible for the common enjoyment of all residents.
- 5 Resident usage of the grass area will be considered.

We continue to look at all areas of the subdivision. While we try to follow these guidelines each case is reviewed individually.

Please do not discard yard waste or other materials on Common Ground. If you or your children use the Common Areas Please make sure you pick up your litter. We have found numerous areas where kids have built “Fort” areas and discarded bottles and cans.

ENJOY AND USE THE COMMON GROUND. IT HELPS MAKE OUR SUBDIVISION SPECIAL.

You can view your property as well as all common ground within the subdivision via a St. Louis County website.
